The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth House Office Building

Dear Chair Granger and Ranking Member DeLauro:

I am requesting \$4,140,000 for the City of Priceville's Sanitary Sewer Improvement project in fiscal year 2024. The entity to receive funding for this project is the City of Priceville, located at 242 Marco Drive Priceville, AL 35603. The funding would be used to design and construct a new sewer pump station and gravity main to replace two pump stations and associated force main. The project is an appropriate use of taxpayer funds because The City's Pine Street pump station is routinely unable to adequately pump the amount of flow the station receives, resulting in overflows. ADEM issued the city a Consent Order in 2021, partially due to these sanitary sewer overflows.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq. Clean Water Projects.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Dale Strong  
Member of Congress
